Health and Safety: A Culture of Shared Responsibility

Your guide of changes and important info as you return to the law school.

Welcome back! The Law School has undertaken a variety of steps, ranging from reconfiguring its classrooms to installing sanitizing and disinfecting supplies throughout the building. Our overriding focus is the health and safety of our law school community. However, to achieve this, we need to build a culture of shared responsibility.

How you can help:

Self-Monitor Before Coming to Campus Each Day

If you are feeling unwell with any of the COVID-19 symptoms, with a possible fever (100.4 or>) or any cold or flu symptoms, with any degree of discomfort, please do not come to campus. Be mindful of exposure.

Wear a Mask When On Campus

Wear a mask inside all Law School buildings (unless you have a documented medical accommodation). Your mask should be comfortable and fit in such a manner as to create a seal around your mouth and nose.

Socially Distance & Limit Exposure Time

When on campus keep at least six feet of distance from others. The CDC has defined presumptively exposure as being within six feet of someone for 15 minutes or longer (whether or not wearing a mask).

Wash, Disinfect & Avoid Sharing Items

Wash your hands regularly, use hand sanitizer, wipe down commonly touched surfaces (doorknobs, buttons, etc) with disinfecting surface wipes, and avoid sharing items (like pens) or be sure to wipe them down before use.

Sanitizing Supplies

Hallways and common areas will have hand sanitizers and buckets of surface wipes to use throughout the day (remember surface wipes are for surfaces, not skin). Custodians will clean high traffic touch points during the day. Cleaning surface areas in individual offices will be your personal responsibility.

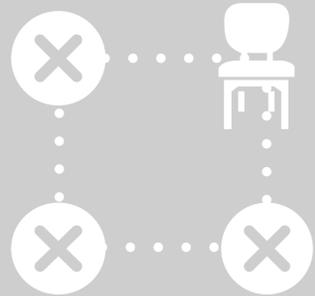

Navigating the Stairwells & Hallways

The hallway doors leading to the interior stairwells will be propped open to encourage more avenues for socially distant travel between floors. Faculty hallways on the 2nd and 3rd floors will have signage to discourage through traffic and encourage only those who have offices or appointments to pass.

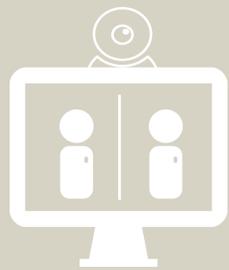

Establishing Your Office Hours

Faculty and staff may use signage to post outside offices with preference on how students and colleagues can best meet with you. Consider scheduling your meeting outside on the quad, Herty Drive, or the Eversheds Sutherland Courtyard.

Classroom Seating & Safety

All the classrooms have designated seating for the students. Students should only sit at a marked space. Each classroom will have surface wipes for the students to clean their desk areas before use. The classroom video cabinets are now outfitted with plexiglass screens and a bottle of hand sanitizer. Classroom doors will be propped open and remain open during class.

Use Classroom Technology

All classrooms are equipped with webcams at the podium. Please remember to bring your own microphone with you to and from class each time you teach.

If You Have Been Exposed, Stay Home

If you have been exposed to someone who tested positive, stay home for at least 14 days. If you have been exposed to someone who is exhibiting symptoms (but has not yet tested positive), stay home for at least 14 days if you start to exhibit symptoms.

Questions During the School Day?

- IT Help Desk – Contact 706-542-0895
- Library – Contact lawref@uga.edu
- Facility/Custodial – Contact marybeis@uga.edu or 706-207-7236
- Staff Health/Safety – Contact your supervisor
- Faculty Health/Safety – Contact Dean Rutledge, Dean Beck, Dean Cade or Dean Dennis
